

Alternate Montana Science Practice Test

The practice tests provided include sample items in all subjects and tested grades. To access the practice tests, click on the Alt Science Practice Test card. You will be directed to the [CAI student practice test site](#). While online alternate assessments in all subjects will be displayed, Montana will only be administering the alternate science assessment through this online testing system. This site should only be used to familiarize and prepare alternate students for the Alternate Montana Science Assessment.

Accessing the Alternate Science Practice Test

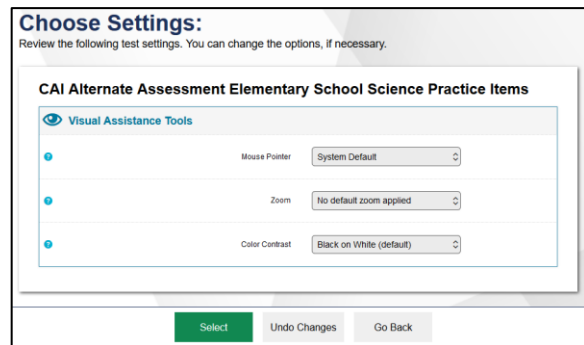

1. Navigate to the Montana Testing Portal. Select the **Practice & Training Tests card**. The Practice & Training Test overview page appears.
2. Select the **Alt Science Practice Test** icon. You will be redirected to the CAI student practice test site. The *Sign In* page appears.
3. Click the **Sign In** button. The *Your Test* page appears.

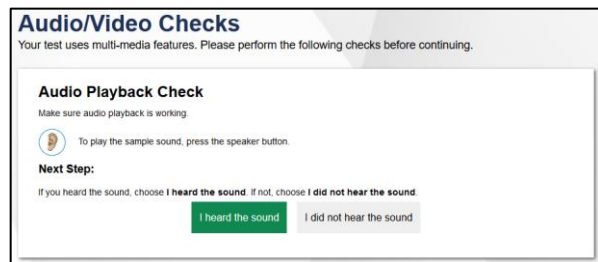

4. From the *Your Tests* page, select the grade you would wish to test.

Note: Other tests may appear. This site should only be used to prepare for the Alternate Montana Science Assessment.

5. Select the appropriate test under **Alternate Assessment Science**. The *Choose Settings* page will appear.

6. Review the test settings and change the options, if necessary. Click the **Select** button. The *Audio/Video Checks* page appears.

7. To play the sample sound, press the ear button. If the sound is clearly audible, select **I heard the sound**, then click **Continue**. The *Instructions and Help* page appears.

8. You can review the test settings and help guide. Select **Begin Test Now** to start the practice test.
